

Upgrading MyTimetable Consumer and Producer (MTT 3.x)

To upgrade the MyTimetable EC Consumer and Producer application, perform the following steps:

1. Stop the MyTimetable EC Consumer and Producer services.
2. Overwrite the contents of `$mytimetable-ec-consumer/bin` and `$mytimetable-ec-producer/bin` with the contents from the new ZIP files.
3. Remove the existing contents of `$mytimetable-ec-consumer/lib` and `$mytimetable-ec-producer/lib`
4. Add the content of the lib directory inside the new ZIP files to `$mytimetable-ec-consumer/lib` and `$mytimetable-ec-producer/lib`
5. Make any configuration changes to `$mytimetable-ec-consumer/conf` and `$mytimetable-ec-producer/conf`, as indicated by Eveoh support.
6. Start the MyTimetable EC Consumer and Producer services.
